

I'm not robot!

8. What does this instrument measure?

- A. Length
- B. Density
- C. Mass
- D. Weight

9. Which apparatus is used to separate dirt particles from dirty water so that the water becomes clear?

- A. Measuring cylinder
- B. Bunsen burner
- C. Filter Funnel
- D. Thermometer

10. Amy raises 2N flag. The work she did was 6 Nm. How high did Amy raise the flag?

- A. 4 m
- B. 8 m
- C. 12 m
- D. 3 m

11. The study of all living things is called:

- A. Botany
- B. Biology
- C. Chemistry
- D. Physics

## Relative pronouns: Who- Which- That

Relative pronouns are used to modify the previous noun. Who : people /Which : animal /objects / That :people /animals/objects.

Complete the sentences with : the relative pronouns :who-which-that. Then, match the sentences with the pictures

1. Ballet is the type of dancing.....I will never be able to do.
2. A peacock is an animal.....has very beautiful feathers.
3. The old woman.....is knitting a new pullover for me, is my grandmother.
4. We always believed that a superhero is someone.....can fly.
5. I will offer my mum the flowers.....I have just planted.
6. The man .....is holding a rope in his hands and has a big hat on his head is a cowboy.
7. People .....peep at others are not polite.
8. The clothes .....I am wearing are the Egyptian traditional ones.
9. Weeds are the grass .....I hate most.
10. That house .....has many yellow windows is hunted.
11. Jazz is the music.....I enjoy listening to at any time of the day.
12. Don't be afraid. The animal .....is under your bed is your cat.
13. The presents .....you are looking at now, have been sent to you by your sister Jane.
14. John is the paperboy .....delivers new papers everyday.
15. A pigeon is an animal .....can carry messages.
16. Garlic is a vegetable .....has a bad smell but it's very healthy.
17. Running .....is a good activity, helps me keep fit.
18. A dragon is an imaginary animal .....can breathe fire.
19. The man .....has a lot of job to finish is the new employee.
20. The little girl .....is playing is my sister.
21. Be careful the present .....makes the sound tick-tock, may be a bomb.
22. The naughty boy.....is throwing rocks is my new classmate.
23. I read the newspaper daily but the suitable job.....I am looking for is not available.
24. A pirate is someone..... has a sword in one hand, a rifle in the other and a parrot on his shoulder.
25. Peter is the little boy.....has just broken his leg.

Name \_\_\_\_\_ Date \_\_\_\_\_

## Force and Motion

Directions: Use the words in the word bank to complete a summary about Force and Motion. Use each word only once.

speed	reference	direction	velocity	acceleration
forces	motion	position	friction	gravity

You can describe the \_\_\_\_\_ of an object by saying it is moving in a straight line or is curved around another object. You can also describe where an object is by its \_\_\_\_\_ in relation to another object. The second object acts as a \_\_\_\_\_ point. When an object changes position, you know it has motion.

Motion can also be described by finding an object's \_\_\_\_\_ or how fast or slow it moves in a certain amount of time. In addition, you can describe the object's speed AND direction together. This is called \_\_\_\_\_.

There are some ways objects in motion are affected. \_\_\_\_\_ or pushes and pulls affect the motion of an object. \_\_\_\_\_ is a force that pulls objects down to Earth. \_\_\_\_\_ is a force that slows things down or can even make them stop.

Did you know acceleration means more than the increase of an object's speed? It also describes an object that is slowing down or changing \_\_\_\_\_ . Since acceleration is a change in speed or direction, that means \_\_\_\_\_ is a change in velocity!

Charging by friction worksheet answer key. How charging by friction works. What is charged by friction. Explain charge by friction. Charging by friction conduction and induction worksheet. Physics classroom charging by friction worksheet answers. How does charging by friction work. Charging by friction worksheet answers.

Teach your students all about static electricity, friction, and their charges with this four-page nonfiction reading packet. Students will study both static electricity and lightning. Students will understand what it is, how it is formed, the charges involved, friction, static discharge, and how lightning is formed through static electricity. Like this activity on static electricity? Check out the electricity unit and save over 20% by clicking here. Students will learn: What static electricity is Page 2 These speaking and writing activities for teaching and reinforcing French city and places vocabulary, aller and venir conjugations, the futur proche, the passé récent, savoir and connaître, the impératif, and the prepositions à + de and its contractions. This packet can be used by students who have had no exposure to places vocabulary, but if you would like activities that focus more on the vocabulary and less on the verbs above, you should consider the En ville beginner bundle. This PDF now has Page 36 fully editable, NGSS/modeling pedagogy aligned worksheets, 6 inquiry labs, 6 PhET Simulations, 4 quizzes, 3 guided notes and readings, 2 unit reviews, 2 unit tests, 2 writing assignments, 2 concept builders, 2 equation toolboxes, 2 unit plans, and 1 curriculum guide! Worksheets There are a variety of free response questions for most worksheets, which are usually one or two pages long. Worksheets are used for students to deploy models developed from inquiry labs and as a way to Page 4 This Printable AP Chemistry Worksheet contains a set of carefully selected high-quality & auto-grading multiple-choice questions on Lewis Diagrams, Resonance, Formal Charge. A great printable resource to assign to your students for homework, classwork, practice, or review for a quiz, test, or exam. My resources follow the New AP Chemistry Course Framework This worksheet has 27 multiple choice questions on the following topics of Unit 2: Molecular and Ionic Compound Structure and Properties Unit Page 5 Ready to Rise Cafe brings you all new functional reading lesson. Students are presented with a three item order summary, and the charges that were provided for those items. Students are asked to review each of the charges, and compare the prices to the charges on the menu provided. Students will work on a variety of skills including functional reading of menus, identifying prices, reviewing order charges, identifying inaccurate figures, comparing figures, stating prices, and more. Preview the Page 6 Professionally designed by Sniggle Sloth's team of talented artists, you'll love using our clipart in and on a wide variety of projects including, cards and invitations, scrapbooking, bulletin boards, journals, web sites and social media, online slides and presentations, laser engraving projects, heat transfer items (such as shirts and mugs), decals and stickers, party supplies, embroidery, product packaging and so much more! Included with this purchase: One or more downloadable zip files for the Page 7 Professionally designed by Sniggle Sloth's team of talented artists, you'll love using our clipart in and on a wide variety of projects including, cards and invitations, scrapbooking, bulletin boards, journals, web sites and social media, online slides and presentations, laser engraving projects, heat transfer items (such as shirts and mugs), decals and stickers, party supplies, embroidery, product packaging and so much more! Terms include: load voltage, charge voltage, full wave rectification, bench tester, oscilloscope, regulator bypass test, and other relevant terms. Can be used as a pretest, warm up, classwork assignment, quiz, or review. Answer key provided. Please visit my store! Shellye's Health Sciences Page 9 Some worksheets 28 ions Cl, OH, H, S, Be, CO3, NH4, Mg, K, Al, P, Li, Fe, II, Ca, Fe, III, Br, Rb, SO4, NO3, Na, Sr, Cs, PO4, N, O, NO Answer key included Credits: Cover page icons designed by Freepik from Flaticon Terms of Use: Purchase of this product is for single classroom use by the purchaser only. It is a violation for individuals, schools, and districts to redistribute, edit, sell or post this item on the Internet or to other individuals. Disregarding the copyright is a violation of the Digital Millennium Copyright Act. This is a 10 page vocabulary word search contains 20 words and phrases from Chapter 13 "In Which Sam Takes Charge" from the 1999 novel Frightful's Mountain by the Newbery-winning author Jean Craighead George. The words only appear horizontally and vertically to facilitate reading fluency. Great for homework, ENL students, or as a quick comprehension check after a class read aloud! Words and Phrases Included: intolerable, nestled, pupils, pinpoints, distress-call, poachers, legit, insignia, tapestry, thermo Page 11 ZOOM PHYSICS: ELECTRIC CHARGES, ELECTROSCOPE, LAW OF CONSERVATION All-U-Need Lessons for ZOOM Class IMPORTANT: this file is in PDF format. IN YOUR SEARCH OF EFFECTIVE ONLINE LESSONS, SEARCH NO MORE! EFFECTIVE LIVE ONLINE LESSON = Teacher-Students interactions based on rich, informative, colorful, attractive, catching attention, and engaging shared content! ELECTRIC CHARGES, ELECTROSCOPE, LAW OF CONSERVATION All-U-Need Lessons for ZOOM Class set is modified for distance/blended learning Physics st Page 12 This 34 term worksheet will help your Automotive students learn about charging system technology. Terms include: voltage regulator, alternator, rectifier diode, battery, ac generator, charge indicator, charging voltage, and other relevant terms. Can be used as a pretest, classwork assignment, assessment, or review. Can also be used with other Automotive worksheets. Word bank and answer key provided. Please visit my store! Shellye's Health Sciences Page 13 This 20 term worksheet will help your Automotive students to learn more about charging systems, including diagnosis, testing and repair. Terms include: bench tester, oscilloscope, charging system load test, load voltage, hot wire, base voltage, and other relevant terms. Can be used as a classwork assignment, assessment, or review. Can also be used with other Automotive worksheets. Word bank and answer key provided. Please visit my store! Shellye's Health Sciences Page 14 Battery SVG Bundle, Battery SVG Files For Silhouette and Cricut, Full Battery, Energy svg, Low Battery svg, Battery Clipart PNG included for Personal & Commercial Use. SVG can be used for banners, cards, patterns, scrapbooking, party invitations, covers, accessories, birthdays, design and MORE! This set includes: • 39 SVG vector files for Silhouette Studio Cameo, Cricut and others • 39 PNG files ( 300dpi Size: at least 10 inches or bigger ) • 1 DXF file Page 15 Electric Charge and Current Worksheet In the Electric Charge and Current Worksheet students have the ability to scan a QR code with any mobile device (iPhone, android, tablet, etc) and watch a YouTube video related to the assignment. The Electric charge and current worksheet is short and is excellent as a follow up worksheet or part of a homework/classwork portfolio but does take that long to complete that it should be a stand alone for an entire class period. The QR code at the top of the assignment is linked to a video which cover Chicken in Charge Comprehension Questions Are you looking for ways to make sure students are engaging with text? Look no further! This pack provides two different ways to encourage your students to collect with texts. 1. Printable sticky note templates for during reading. Each sticky note can be printed, put in a guided reading book, and used to spark conversation or encourage "stop and jot" during reading. 2. Reading response pages for the students to use after reading. These can be printed or uploaded to Seesaw as an interactive file. This is a fully developed and editable lessons that include some or all of the following (check the preview): Lessons (in SMART, Powerpoint, and PDF format), Interactive Students Notes/Worksheets, Released Practice Questions in Word and Examview, Released Free Response Questions in Word and Examview with editable answer key, Activity(s) and Lab(s). Each lesson is estimated to take 80-90 minutes (1 block schedule) Consider either the entire units or the entire course. The units offer extra resources: Electric Charge Web Quest - Aby This is from a set of 3 tiered activities. Students will use a reading from CK-12 regarding electric charge and use textual evidence to answer questions and gain prior knowledge. Version A provides the most support for students. Version B is the middle level. Version C provides the least support. This can also be used to assist with flipped lessons. Subjects: Here is the AP Physics sample test created using ExamView test banks available in my store. same test bank in both of ExamView and Microsoft Word formats are included. You need ExamView to open the .bnk test bank. ExamView software is not included. ExamView test banks are Blackboard, ANGEL, and WebCT compatible. Use ExamView to create tests, quizzes, and worksheets, export tests to BLACKBOARD format of The Charge of the Light Brigade - Poetry Planning Pack by Download this popular two-week unit based on "The Charge of the Light Brigade" and other poetry by Tennyson. It is designed for the UK curriculum Years 5 & 6 but it could be easily adapted to suit different curriculums. In this unit, pupils will read and listen to the dramatic poems "The Kraken" and "The Charge of the Light Brigade" by the Victorian poet Alfred Lord Tennyson. Pupils will consider how the sounds and language patterns come alive when the poems are read aloud. Children will wElectric Charge Problem Solving Video Exam and Tutorial by New and motivating video for physics, physical science, and engineering students to have problem solving experience in Electric Charge, one of the essential topics in the high school physics program, including AP Physics 1 and AP Physics 2. This video shows 30 original and carefully designed problems in high quality MP4 video format, which can provide about 90 minutes of problem solving practice. After each exercise is presented to the students as a multiple choice question, the video needs to be in this practice worksheet students will discuss the transfer of charges when charging by contact and induction. Students will also solve a three-point-charge exercise using vector addition. Students will need to have a basic understanding of 2D vector addition, in this case, to add force vectors. Materials needed: none. Reformatted for 2022 as an editable Google Doc/Older PDF version is included in the C-Drive directory. KEY INCLUDED in C-Drive directory. Feel free to edit as needed and share w/Religion - Children's Bible Stories - Joshua Takes Charge by This is a 15 slide, highly animated, power point presentation on Religion - Children's Bible Stories - Joshua Takes Charge. Each of the slides are editable and can be reordered to adjust to your presentation, if needed. I have also included a slide called "Think about the Story" for student review and questions. Moses was lead and Joshua knew God had now chosen him to lead the israelites. God promised Joshua victory and favor in the Promised Land if he would make sure all the people would alw iPad Charge Station and Editable Helper Charts by iPad Charge Station so you can clearly label the area in your classroom where iPads need to be charged / packed away. Helper charts and a range of editable name labels so you can alternate class jobs weekly. Tech-sports - The students allocated to help others with iPad problems while you work with other students. I begin the year by training up a small group of kids and as the year progresses am able to spread this role further. Great way for students to become responsible and work on collabo Page 16 ZOOM PHYSICS: ELECTRIC CHARGES, ELECTROSCOPE, LAW OF CONSERVATION All-U-Need Lessons for ZOOM Class.
